## Career Objective

Enthusiastic Electronics and Computer Engineering student with a passion for web development, embedded systems, and data analytics. Strong problem-solving skills and hands-on experience gained through academic projects and internships. Seeking opportunities to apply my technical knowledge in innovative projects and contribute to organizational growth.

## Education

**Bachelor of Engineering (B.E.)** - Electronics and Computer Engineering

PES Modern College of Engineering, Pune

*Expected Graduation: 2027*

**Higher Secondary (HSC)**

Modern College of Arts, Commerce and Science, Pune

*Graduated: 2023*

**Secondary School (SSC)**

St. Thomas Public School, Pune

*Graduated: 2020*

## Experience

**Intern – CodSoft (2025)**

- Worked on responsive web applications and software development tasks.
- Enhanced problem-solving and coding skills through real-world projects.
- Collaborated with peers in a professional development environment.

## Skills

- Programming: Python, C, C++
- Core Areas: Embedded Systems, Data Analytics, Problem Solving, Project Management
- Web Development: HTML, CSS, JavaScript (beginner-level)
- Soft Skills: Teamwork, Documentation, Collaboration, Critical Thinking

## Certifications

- Generative AI
- Cybersecurity Analyst
- Data Visualization

## Projects

**Weather App** (Python, Streamlit, API)

GitHub Link

- Developed a simple Python Weather App using Streamlit.
- Fetches real-time weather information such as temperature, humidity, and conditions.
- Easy to use: enter a city name and instantly view weather updates.

## Achievements

- Recognized for problem-solving and innovative project development.
- Completed multiple certifications in GenAI, Cybersecurity, and Data Visualization.
