Profile

Electronics and Computer Engineering student with strong fundamentals in programming, web development, and problem-solving. Experienced in building clean user interfaces, Python applications, and project-based development.

Education

B.E. Electronics & Computer Engineering — PES Modern College of Engineering, Pune (2023–2027)

HSC (Science) — Modern College of Arts, Commerce & Science, Pune (2023)

SSC — St. Thomas Public School, Pune (2020)

Experience

Web Development Intern — CodSoft (2025)

- Developed responsive web interfaces using HTML, CSS, and JavaScript.
- Built projects including a Calculator, Portfolio Website, Landing Page UI, and a Weather App.
- Used Git and GitHub for version control and collaborative updates.

Technical Skills

- Programming: Python, C, C++
- Frontend: HTML, CSS, JavaScript (Basic React)
- Backend/Data: SQL, Streamlit, Flask (Basics)
- Tools: Git, GitHub, VS Code
- Core Areas: Embedded Systems, Data Analytics

Projects

Weather App (Python, Streamlit)

- Real-time weather application fetching API-based temperature, humidity and condition data. Deployed demo and source on GitHub.

Portfolio Website (HTML, CSS, JavaScript)

- Responsive personal portfolio that showcases projects, skills, and contact details. Live demo hosted; source code on GitHub.

Landing Page UI (HTML, CSS)

- Modern single-page landing design with hero, services, and contact form. Focused on responsive UX and clean UI.

Calculator Web App (JavaScript)

- Interactive calculator built with JavaScript DOM manipulation supporting basic arithmetic operations.

Certifications

- Generative AI
- Cybersecurity Analyst (Basics)
- Data Visualization
- Introduction to SQL
